### **A word from our clients...**

Tri-Stucco only uses first-rate materials purchased from industry leading suppliers. Additionally, Tri-Stucco's service and craftsmanship is top quality. But don't take our word for it; listen to what some of our clients have to say:

"Tri-Stucco has worked on numerous projects for us. We have found them to be a professional, fair, reliable contractor who consistently met our deadlines. I would have no hesitation in recommending Tri-Stucco for any EIFS work."

*~ Gerard McGrogan, Contracts Manager, Eden Oak*

"Tri-Stucco's use of first-rate materials and their superior customer service enhances the value of Aspen Ridge projects. Plus Tri-Stucco's excellent customer service doesn't end with the completion of a project, but continues through to Aspen Ridge homeowners for after-sale service."

*~ Robert Onorati, Contracts Manager, Aspen Ridge Homes*

"On a commercial project, everything needs to go smoothly since a minor issue can quickly escalate into a large problem. Working with Tri-Stucco we appreciate their ability to anticipate issues and how they go above and beyond to prevent them. This is clearly a function of their solid construction knowledge and stucco experience."

*~ Arthur Borghese, Project Manager, Metrus Construction Ltd*
